

Packing List Inweekend All Terrain 2020 :

- **Reliable** bike which you can cycle > 30 km on (please check your tyres etc before leaving)
- Working lights on bike
- Bike repair kit if you have one
- Small bike pump if you have one
- Charged phone (you shouldn't need it, but just in case)
- Small backpack with water bottle
- Headlight/flashlight with full batteries
- Warm sleeping bag
- Warm clothing for evenings (!) think of thermal layers, gloves, beanie, scarf.
- Raincoat (!)
- Individual tent (preferably a small tent, we don't want to take a big 4 person tent for one person)
- Cutlery & plate & cup (for hot liquids and for example chips as its not Corona proof to use the same bag for all)
- Air/inflatable mattress (preferably not a thick air mattress as this does not insulate very well against cold ground)
- Toiletries + Medicine
- Towel (if you want to have a cold shower)
- Passport/ID card
- Sports clothes (All Terrain tights, work-out shirt, trainers etc.)
- Swimsuit & towel
- Good hiking/walking shoes
- Facemask
- Multiple shoes (one pair of shoes will get wet)
- Socks & underwear
- Tea towel

If you are missing any of the above, mention it to the organisation and we will try to find one for you.

NOTE: On Friday evening, you will be leaving on bikes. Therefore, please pack the small backpack with water, bike repair kit, some warm clothes, raincoat, and headlight, to take with you. The rest of your gear will be transported by car to the campsite.

Please pack as light as possible! We will be tight on space. We would expect one tent, one sleeping mat, one sleeping bag, one bag with all your other gear, and your small backpack for the cycling trip.
